## TRAGEDY ON TROOP TRAIN

A. B. PUCKETTE AND A. L. WILLIAMS SHOT AND KILLED.

Party of Dallas Militia on Katy Train When Double Killing Occurred.  
Arrests Made at Hillsboro.

Hillsboro, Tex., Aug. 12.—Private A. B. Puckette and A. L. Williams of the Dallas hospital corps, Texas National Guard, were shot and instantly killed on the troop train returning to Dallas from the Leon Springs encampment, as the train arrived at a point about six miles south of Hillsboro, about 10 o'clock this morning.

P. M. Firmin, a member of Battery A, the Dallas Artillery company, with his brother, Bert Firmin, were taken from the train at Hillsboro, and are now in the Hill county jail.

Williams and Puckette were shot through and through, three shots having been fired, only two of which took effect. One of the men was shot in the side, the bullet tearing entirely through the body, while the other was shot in the chest, and had one arm broken.

It is said that the man who did the shooting walked into the car where the two soldiers were seated. It is said that Williams and Puckette were singing, and it is not exactly clear as to what the trouble came up about.

According to an account from other soldiers on the train, all the men were perfectly sober, and there had been no rowdiness of any kind. The officers wish to assert positively there was no drinking on the train.

Justice of the Peace C. H. Jackson of Hillsboro, held an inquest over the bodies of Puckette and Williams immediately on arrival here, but no verdict has been returned at this hour.

P. M. Firmin appears to be nothing more than a boy.

A heavy army revolver is said to have been the weapon used.

### ABOUT FIRMIN BROTHERS.

Sons of Judge A. E. Firmin of Dallas and Well Known.

Dallas, Tex., Aug. 12.—Phillip and Bert Firmin, the two men mentioned in the above dispatches, are sons of Judge A. E. Firmin of this city. When seen this morning Judge Firmin refused to say anything for publication until he heard the particulars of the tragedy, but expressed the opinion that his sons were in the right. He also announced that Judge R. M. Vaughan of Hillsboro had been retained to represent his sons in their trouble. Judge and Mrs. Firmin left tonight for Hillsboro.

Neither of the boys are yet twenty-one years of age, Phillip not being yet nineteen years of age. Both have been members of the Dallas Artillery company for some time.

According to the city directory Phillip is a stenographer for C. H. Venable and company and Albert E. better known as Bert, is a clerk. Both boys enjoy excellent reputations in Dallas.

### GAYNOR HAS GOOD NIGHT.

New York Mayor is in Good Spirits and Talkative.

New York, Aug. 12.—Rufus Gaynor, son of Mayor Gaynor, indicated today that his father does not wish to prosecute James J. Gallagher, the assassin who shot him. Young Gaynor intimated that his father was of the belief that his assailant was probably insane.

Mayor Gaynor awoke today from the most refreshing and long continued night's sleep he has had since he was shot in the neck by Gallagher last Tuesday and with every indication that he is making steady progress toward recovery.

This word was brought from the mayor's bedside by his secretary, Robert Adamson, who reported that the patient is cheerful and talkative and is displaying an increased appetite. One of the hospital physicians added the following information:

"The bullet lodged in the tissues and is easily accessible. It could be extracted in five minutes if necessary, but the operation is regarded as unnecessary at present and would only add a new channel of possible infection. The wound has been dressed only with chloride of mercury. No antiseptics have been introduced into the wound."

### A CUTTING SCRAPE.

A Negro Boy Stabbed a White Boy in an Altercation Last Night.

About 8 o'clock last night an alarm was turned in for the police department from East hill. On investigation it was found that a negro boy named Kluchlow had stabbed a white boy in the side with a knife inflicting quite a severe cut. The white boy is named Clancey. The boys had an altercation and in it the cutting took place.

The police department traced the negro to his home and arrested him, taking him to jail where he will have to answer a charge of assault. Both boys are about 12 or 13 years old. The cut was sewed up and is thought to be not serious. This is another case of prompt action on the part of the city police department and shows them ever vigilant and active.

## SENATE KILLS FOUR BILLS

QUART BILL MET DEFEAT BY VOTE OF ELEVEN TO THIRTEEN

Insurance Bill Was Finally Passed in the House Yesterday.

Austin, Tex., Aug. 12.—The senate this morning resumed its task of killing liquor bills. There were twenty-five senators present. The first question to come up was the action on the Terrell bill known as the quart bill. On the motion of Senator Meachum the report made by the senate judiciary committee No. 2, which was adverse to the bill, was adopted by a vote of 13 to 11. This killed the bill.

Senator Meachum then moved that the same course be taken with the senate daylight saloon bill, but as a substitute on motion of Senator Brachfield, this bill was laid on the table subject to call.

The senate ten-mile bill by Senator Sturgeon and others, was next taken up and the motion prevailed to adopt the adverse majority report, and Senator Sturgeon moved to substitute the favorable minority report for adverse majority. Senator Sturgeon made a speech on this motion.

When Senator Sturgeon had concluded his speech on his ten-mile bill the senate refused to adopt the favorable minority report, but by a vote of 15 to 10 adopted the adverse majority report, which killed the bill.

The senate bill to amend the Terrell election law so as to provide that the majority instead of plurality shall be necessary to elect a candidate for office was then killed by the adoption of the adverse majority report of committee on privileges and elections by a vote of 11 to 12.

Senator Coker's bill to prohibit the drinking of intoxicating liquor in local option districts by clubs and lodges was laid on the table subject to call.

There was a lively discussion extending for nearly an hour when the house met this morning to resume the consideration of the insurance bill. It developed when a section of the bill was reached declaring that the extension of credit should not be construed as a discrimination on the part of the insurance companies. The bill was finally passed by a vote of 68 to 32.

Following the passage of the insurance bill Speaker Marshall placed before the house the seven o'clock closing liquor bill on its third reading and final passage. An attempt was made to change the closing hour to 7:30, but it failed, and the bill was finally passed by a vote of 70 to 27.

Messrs. Kennedy and Looney introduced a new bill prohibiting the sale of liquor in disorderly houses.
